

THE PLAN

People are migrating to large metropolitan cities. Where the people go, the church must follow. Monies will be used to build a HUB church in Tokyo, Japan to equip and train other church planters for Kingdom advancement. It will accelerate the much needed growth in this area of the World.

WHY TOKYO? JAPAN!

Tokyo, Japan has been selected by Church of God World Missions to become one of the thirteen Lighthouse Cities—cities strategically selected for the maximum impact in their areas of the world. Tokyo, Japan's busy capital, mixes the ultramodern and the traditional, from neon-lit skyscrapers to historic temples. Being the world's most populous metropolitan area, it is a major transportation hub and a world economic and industrial center. Tokyo is dominated by Shinto and Buddhism (94%) with only 0.7% of the population claiming Christianity.

TOTAL GOAL
\$250,000

PROJECT# 102-5012

As we move missions forward over the next two years, it is my desire for EVERY Delmarva/DC Church of God to participate and partner together as we Send Light to Tokyo.

We are asking each pastor and Church of God member to join with us so the light of God's amazing grace will abound where sin has kept millions blinded.

MAKING TOKYO JAPAN A LIGHTHOUSE CITY

"You are the light of the world—like a city on a hilltop that cannot be hidden."
MATTHEW 5:14 (NLT)

SEND THE LIGHT
TO THE CITIES

TOKYO PROGRESS

The first Church of God missionaries appointed to Japan were L.E. and Letha Heil in 1952. The high cost of living hindered quick growth, but today, the Church of God has 10 churches with more than 600 members in Japan.

Dr. David Griffis, Director of Church of God World Missions, has prioritized this city with a population that exceeds 39 million to become a lighthouse with great influence for the Kingdom of God.

Griffis says:

“We will evangelize, plant birthing churches, provide an evangelism and training center, and like the Good Samaritan, stay alongside them.”

BUILD A HUB CHURCH

Monies this year will go toward building and establishing a HUB church in Tokyo. This church will be the “campus church” with a church planting emphasis accompanied by an outreach to at-risk widows and children. The window of opportunity is now.

TRAIN LOCAL MINISTERS TO PLANT MANY ADDITIONAL CHURCHES

Your donations will help us train men and women who have been selected to start new works in nearby locations. Church of God World Missions is the strongest in the areas of the world where we have discipled and trained the national workers. This is where we win the most people to God.

There are
people ready to
give themselves
to making
Tokyo a
city of Light.
We can send and
support—they will
go and give.

“Debbie and I are looking forward to working with Stan and Teresa Holder and the pastors and church families in Delmarva/DC as we join together fulfilling the Great Commission Call the Lord has placed on each of our lives.
Together...we can!”
